Freedom of Information Request

I am requesting the following information for the year 2016/17 (i.e. the year ending 31 March 2017).

Please provide a breakdown of this data by i) adults and ii) children and young people (under 19s).

1. In your area, how many people with possible autism who were referred for a diagnostic assessment had the assessment started within 3 months of their referral? Please provide this information as a number and as a percentage.
2. What was a) the median and b) the longest wait for the start of the diagnostic assessment?
3. Out of those who received a diagnosis of an autistic spectrum condition in 2016-17, what was the median time from referral to final diagnosis?
4. Out of those who received a diagnosis of an autistic spectrum condition in 2016-17, what was the longest time from referral to final diagnosis?
5. How many people were referred for an assessment in the year 2016/17, but have not yet received a diagnosis as of 1 October 2017? Please provide this information as a number and as a percentage.
6. As of October 2017, what is the current waiting time from referral to the start of the diagnostic assessment?
7. As of October 2017, what is the expected waiting time from referral to a final diagnosis of autism?

NHS Norwich CCG response

NHS Norwich CCG would like to respond as follows:

The information requested is not held by the CCG. It is advised you redirect your queries to [Norfolk Community Health and Care NHS Trust](#) who would be better placed to answer this Freedom of Information request.
