

## Application to Change the Practice Area

Please provide the information below to the Commissioner no less than 28 days before the requested contract variation.

### 1. Affix practice stamp/practice details:

Castle Partnership  
29 Mile End Road  
Norwich  
NR4 7QX

### 2. Provide full details of the proposed (revised) practice area:

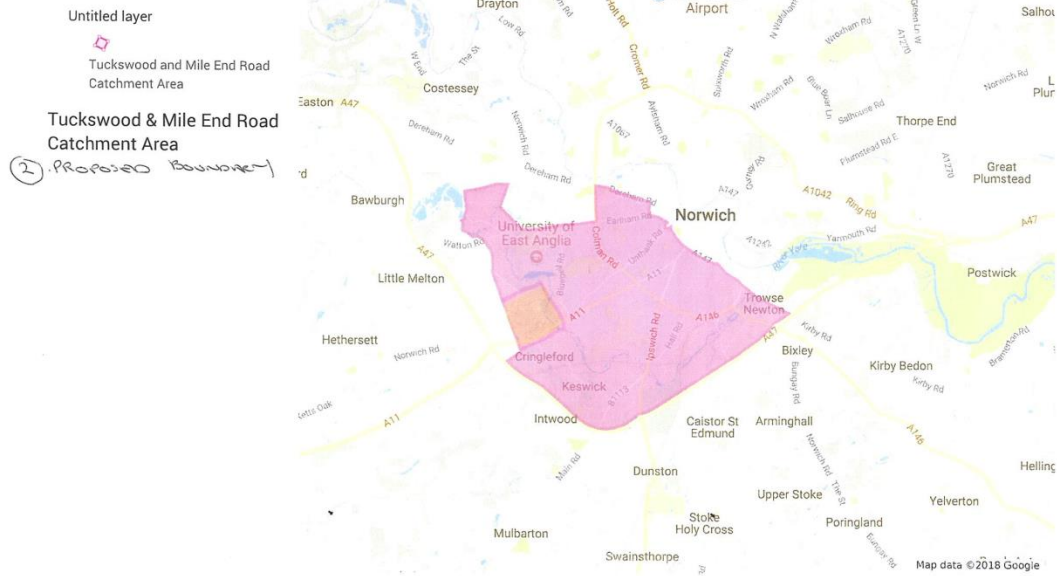

The rationale for the proposed change for the catchment area for Mile End Road and Tuckswold surgeries is that we do not have the resources to care for the residents in Cavell Court which is in the removed area. This home takes a considerable amount of time and resources and if other practices are able to change their boundaries to exclude this home it will be untenable and unmanageable for The Castle Partnership.

Unfortunately we only meet once a quarter with our PPG and have not been able to consult at this stage we will be meeting at the end of the month.

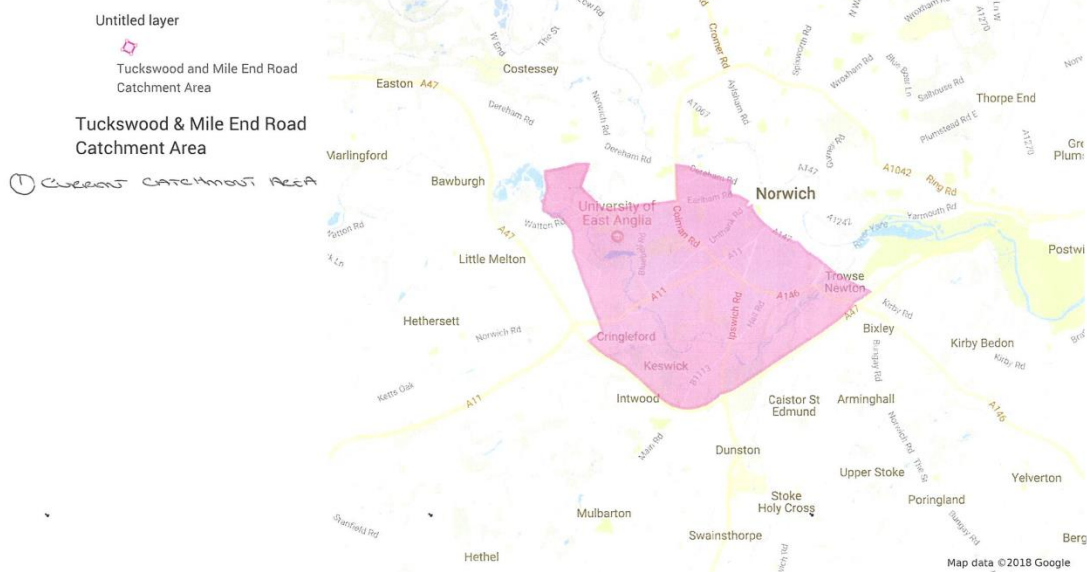

We propose to allow patients already registered in our removed area to stay with the practice and any new additions to their households.

### 3. Please attach a map of the proposed area

## Tuckswood & Mile End Road Catchment Area

## Tuckswood & Mile End Road Catchment Area

**4. Explain the reasons for the change of practice area:**

Two other practices are proposing to change their boundary. This will then make the additional workload of looking after Cavell Court unsustainable for the Castle Partnership without having additional funding available for this service. This could then mean we would then need to consider closing our patient list.

**5. Provide additional supporting evidence that may be relevant:**

The Castle Partnership lost £236k per annum two years ago when it lost its PMS funding which has already put an additional strain on how we provide care for our patients.

**Signed by**

A handwritten signature in black ink that reads "B Bulcock". The signature is written in a cursive, slightly slanted style.

B Bulcock – Business Manager – The Castle Partnership
